# MDConnect Overview

As many of you are aware, MDC's **Odyssey system** has reached its maximum capacity of service and support given its age, the number of students MDC serves, and how much has changed in higher education over the past decades since it was originally implemented.

Miami Dade College has elected to replace its Odyssey system with the Oracle **PeopleSoft** system, a software that supports human resources, payroll, financial, and student administration functions.

At MDC, this project is called **MDConnect**.

# MDConnect Goals

# Functional Pillars

**Campus Solutions  
(CS)**

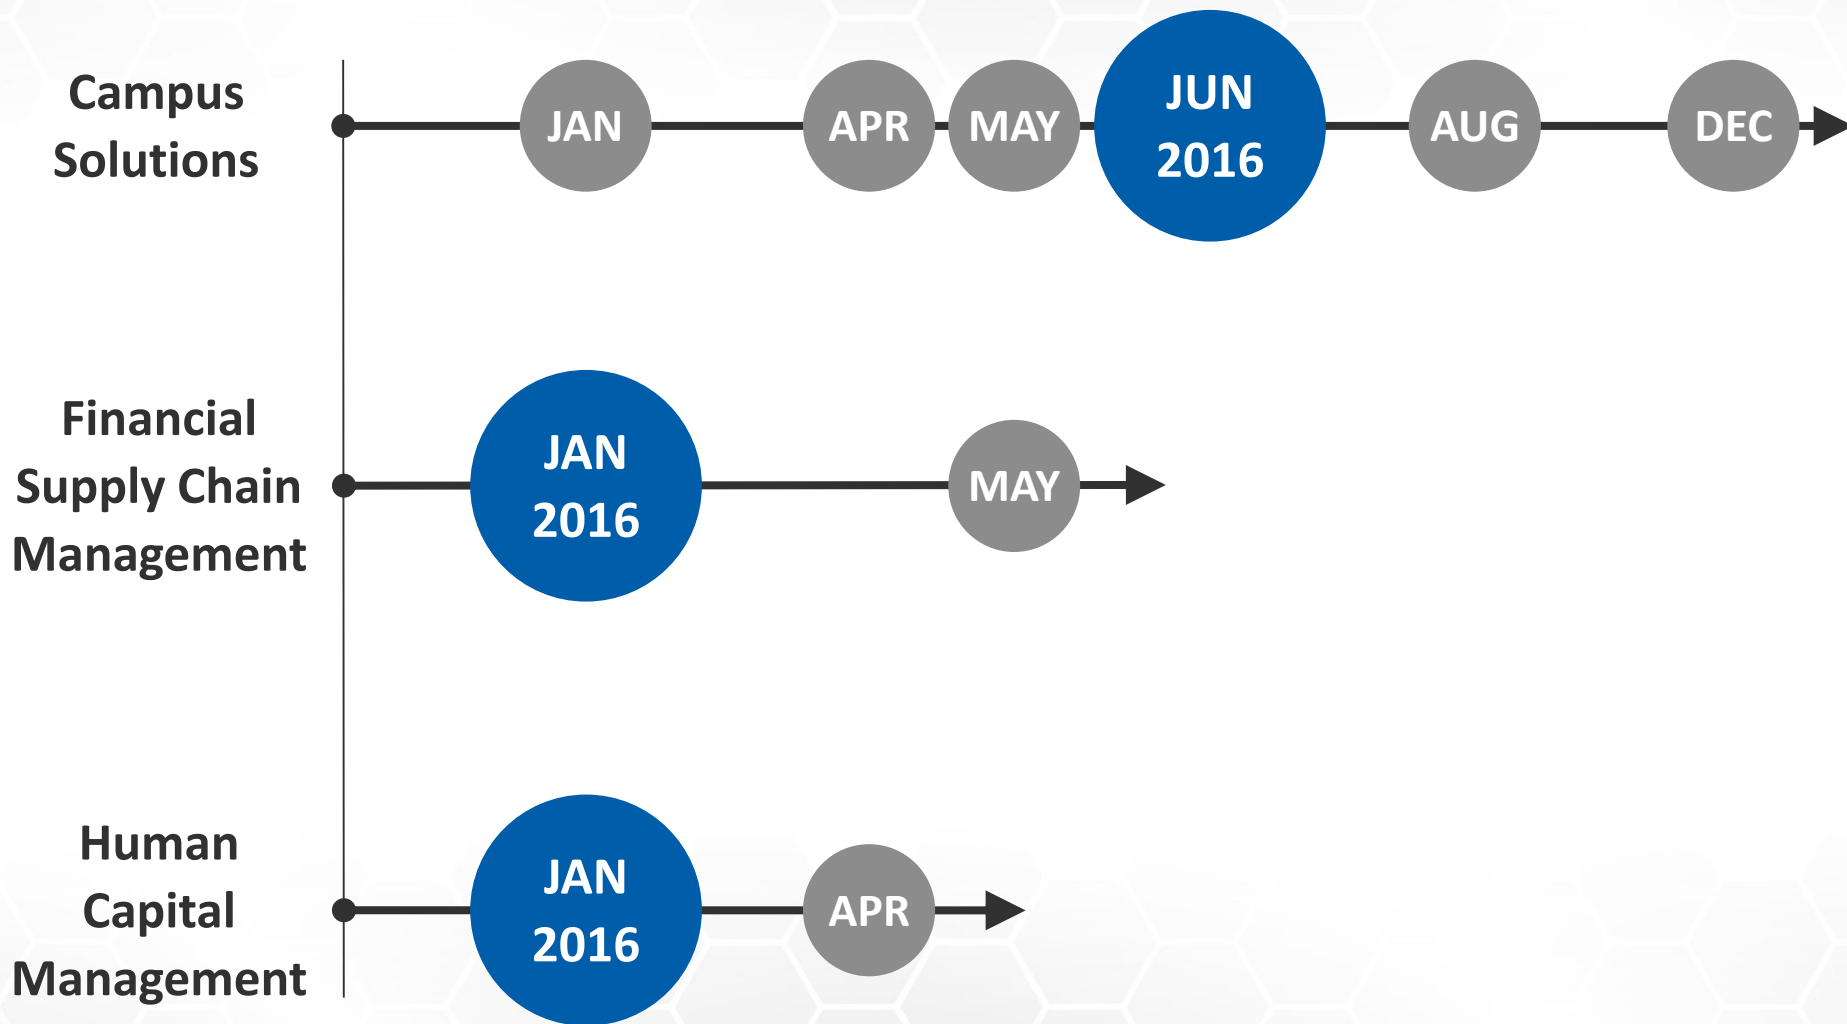

**Financial Supply  
Chain Management  
(FSCM)**

**Human Capital  
Management  
(HCM)**

# MDConnect Go-Live Schedule

# Training Update

**MDCConnect's training program** will address multiple learning needs including how jobs are changing and the skills needed to perform on the job. Training for **HCM and FSCM will begin in October 2015** and **CS training** will be scheduled in **2016**.

**In-person training**

**Online training**

**Hands-on training  
and open labs**

**User guides**

# Meet Your Change Ambassadors

Your campus **Change Ambassadors** will lead MDCConnect change activities, working closely with leaders and the project team to prepare MDC for the upcoming changes as a result of implementing PeopleSoft. Feel free to reach out to your campus change ambassadors with questions and feedback.
